RE: REPLACEMENT OF THE ONLINE EXAMINATIONS WITH ASSIGNMENTS

Following our recent Circular regarding the Online Examinations technical error, you are all hereby notified that management has decided:

- To give an opportunity to students who, due the technical error, could not write the Online Examinations which are ending today to do assignments that will replace the missed examinations.
- That students who wrote the Online Examinations but wish to also do the assignment (s) can also do so. In such cases, only the highest mark (whether from exam or assignment) will be computed in the final marks results.
- That student who wrote online examinations and feel that their examinations were satisfactory are not obligated to do the assignment at all since the examination that sat for and submitted will still be marked.

In view of the above, the assignment will be available on e-Learning as from **13:00 on Saturday 17th**. The deadline for submission of the written assignment through **TURNITIN** is **Tuesday, 20 July 2021 at 23:59 pm**. Please take note that the **TURNITIN** will automatically close at **23:59** and not any further extension will be made.

We thank you for your cooperation

Yours Sincerely
National Institute of Technology (NIT)
