From: Office of the Chief Executive Officer  
Date: 13<sup>th</sup> November 2021  
REF: **Restriction of Students with outstanding tuition fees from November 2021 Final Examinations**

While management acknowledges individual students who have fully or partially settled their tuition fees, there are unfortunately many who have been ignoring reminders from the Accounts and Finance Department to rectify their fees accounts.

NIT is seriously committed to continue uplifting the standards of its higher education to be widely recognised as an outstanding higher education institution offering high quality technical certificates, diplomas and Bachelor of Technology Degrees in Namibia.

To accomplish this goal, the institution needs prompt payments of tuitions fees from its valued students.

**In view of the above, students with outstanding tuition fees are hereby reminded to settle their accounts in order to be allowed entry into the November 2021 Main Examinations.**

Students with outstanding tuition fee will not be permitted to write any November 2021 final examination but will be allowed to write Second Opportunity as Main Examinations in January 2022 provided that they will have settled their tuition fees by that time. They will, however, not have any second opportunity.

I trust that students with outstanding tuition fees will take this reminder with the seriousness it deserves.

Yours Sincerely,

  
National Institute of Technology (NIT)  
Office of the Chief Executive Officer
